

CORDEX Central America and South America Online Paper-Writing Workshop on Regional Climate Modeling

Part I: 24-25 November 2020

Agenda

Day 1: 24 Nov	
17-20 hs UTC	
Session 1: Moderator Rosmeri Porfirio da Rocha (University of Sao Paulo-Brazil)	
17.00-17.15 hs	Welcome - Introduction and Objectives of the Workshop Maria Laura Bettolli (University of Buenos Aires- Argentina)
17.15-17.30 hs	CORDEX-WCRP Overview Silvina Solman (CIMA/University of Buenos Aires - Argentina)
17.30-18.25 hs	Introduction of Participants
18.25-18.40 hs	Coffee Break
Session 2: Moderator Michelle Reboita (Federal University of Itajuba-Brazil)	
18.40-19.05 hs	“Regional Modelling for South America” Lincoln Alves (INPE - Brazil)
19.05-19.30 hs	<i>Title of the presentation</i> Matilde Rusticucci (University of Buenos Aires - Argentina)
19.30-19.55 hs	“From CMIP5 to CMIP6: Central and South American climate and projections” Paola Arias (University of Antioquia-Colombia)
19.55-20.00 hs	Closing Day 1

Day 2: 25 Nov 17-20.30 hs UTC	
Session 3: Moderator Tereza Cavazos (CICESE-Mexico)	
17.00- 17.25 hs	“Future projections in the climatology of global low-level jets from CORDEX-CORE simulations” Abraham Torres (ICTP-Italy)
17.25- 17.50 hs	“Climate Modeling of Cyclones over the Atlantic Basin” Michelle Reboita (Federal University of Itajuba-Brazil)
17.50- 18.15 hs	“CORDEX data retrieval and Earth System Grid Federation (ESGF)” Klaus Zimmermann (SMHI-Sweden)
18.15- 18.30 hs	General Discussion: Selection of topics
18.30- 18.40 hs	Coffee Break
Session 4: Moderator Maria Laura Bettolli (University of Buenos Aires-Argentina)	
18.40- 19.30 hs	Break-out groups
19.30- 20.15 hs	Plenary Session: Presentation of each group
20.15- 20.30 hs	Preparation for the Second Part: 8-9 December
